Editorial Objectives

Research papers published in the International Journal of Comparative Studies in International Relations and Development (IJCSIRD) addresses political, social, economic, and environmental change in local, national, and international contexts. Major areas of investigation include political and state institutions, the effects of changing international economy, political-economic models of growth and distribution, and the transformation of social structure and culture. In addition to research articles, the journal publishes occasional reviews that summarize and assesses particular areas of research and contribution to debates about the conduct of social science research.
