

Understanding Community and Rural Development is a well researched work in time and class. The book is written in simple everyday English to help make the subject matter clear to students, researchers in the field as well as the general reader who develops interest in the development of the Nigerian Community and Rural areas, its emerging challenges and prospects. The book, in clear terms, addresses the concepts of rural areas, rural poverty and rural development policies. It also examines emerging community development strategies and offers great insight on their impacts on the socio-economic lives of rural dwellers.

Students in Nigeria as well as other foreign universities, Colleges of Education and institutions of higher learning who find themselves within the purview of aforementioned areas of study will appreciate this text in all facets. Politicians, Civil Servants, Local Government officials and workers, Legislators, Teachers and Scholars involved in rural development research will also find the book an interesting aid to knowledge.

Bassey Anam is an honours graduate in Policy & Administrative Studies with Post Graduate Degrees in Human Resource Management and Development Studies. A fellow of the International Institute for Policy Review & Development Strategies and Chair, African Research Council on Sustainable Development.
